Hey Dan – How's it going? Rough time I think for all of you.

I left you a VM on your cell phone yesterday?? About Sunnyside and getting together with them to finish discussing our comments on their work plans. Pat Maley asked for you to be on the call. I said I would see what your availability is.

Can you let me know (as much as you know anything these days) if you can be available sometime next week for a conf. call with Sunnyside – whatever time works for you, we'll make it work for the rest of us. Or if you definitely will not be available, let me know that also and we'll just figure out "plan B".

Email me or leave me a vm when you can. Thanks.
